

ETS Research Poster Competition 2026

*Open the call for the ETS Poster Competition 2026 -
Send a poster and be in with a chance to receive an award*

Topics:

The theme of the conference is “**From the Ground Up: Construction and Care of Modern Turf Systems**” therefore topics related to design, construction and management/maintenance of turf sporting surfaces are particularly relevant. However, the ETS welcomes scientific/technical posters on any turf related topic, especially those that look at challenges faced by turf managers, solutions to current and future problems and technology and innovation.

Entries close for submission: Tuesday 31st March 2026

Who can participate: We welcome entries from everyone whether you are a student, academic, practitioner, consultant, engineer, industry representative, individual or team.

Requirements to submit by email:

- Title , name, institution, contact details
- Title of the poster
- Logo/Key Visual of the university/institute/company
- Short abstract, methods, results , conclusions, references due to standard scientific poster format
- Please let us know if you would like to give a 5-10 min presentation in case your poster is a winner.

Requirements for display:

- Word/pdf document; format A0 (84.1 cm x 118.9 cm) , containing text (without serifs), tables and graphs ; readable from 2 m distance
- Type: Arial or Calibri; Size: e.g. Title 90 pt ; Headline 60 pt ; Subheading 36pt; Text 24pt

Criteria: Poster will be selected by an ETS jury due to relevance, contents, used methods, poster design

Awards: Will be announced during conference

If you have any questions please get in touch. We will forward to seeing your poster at the 9th ETS conference in Athens.
